

# 90 Series - 4 Function Mini Transmitter

## TRANSMITTERS PART NUMBER

90 0 04TX      4 Function

Mini Transmitter

### SYSTEM CONTENTS

1 x Mini Transmitter

## MINI TRANSMITTER SPECIFICATION

### SWITCH

Type                                      Rubber membrane with carbon contact

### POWER

Coin Cell                                      6 Volts (2 x CR2032)

### AMPS

Quiescent                                      4 micro amps  
Operating                                      20 milliamps

### PROTECTION

Reverse polarity                              Protected  
IP Rating                                      65  
Conformal coating                              No  
Registration codes                              Over 16 million

### PERFORMANCE

Temp Range                                      -10° C to + 40° C (13° F to + 104° F)  
Range Nominal as supplied                      45 metres (150 ft) from the Receiver, when driving a momentary output without signal drop out  
Transmitted power                              1 mW Typical

### COMPLIANCE

EMC                                      Exceeds ETSI 300 220  
Modulation                                      FM  
Frequencies                                      418 MHz F1D      USA (optional UK)  
    433.92 MHz F1D      World wide (optional USA)
